Permission is hereby granted to owner of land
..... owner of building
to erect

Located on Lot No. on Street

Said buildings to be described in application No. and according to plans and
specifications filed with the Building Official.

This permit is granted on condition that all town ordinances and building regulations shall be complied with, and is issued subject to
the following conditions:

Value of building as estimated by the Building Official \$ Received Fee, \$

All plans may be obtained 6 months after a Certificate of Occupancy has been obtained. This office not responsible for plans left for
a longer period.

This permit expires 6 months from date if work is not commenced, which means that a reasonable amount of the structural work must be
done of which the Building Official shall be the sole judge.

Footings and forms must be inspected before pouring of concrete. All walls must have 1/2-inch anchor bolts embedded in masonry
foundation to a depth of not less than 8 inches.

This permit is granted on the express condition that the said construction shall, in all respects, conform to the ordinances of this
jurisdiction, including the Zoning Ordinance, regulating the construction and use of buildings, and may be revoked at any time upon
violation of any provisions of said ordinances.

There must be a Certificate of Occupancy obtained before this building can be occupied.
